What's in a name? **Amber Spa** takes its name from the Amber stone which originated around 45 million years ago as resin from pine trees in the Baltic regions fossilized at the bottom of the sea. Amber is known to have powerful healing properties and gives the person who wears it a lovely sense of health and healing, helping to balance the emotions, clear the mind, and release tension. These healing properties are the foundation of the Amber Spa purpose.

Amber Spa is open to Warwick Paradise Island Bahamas guests as well as non-hotel guests looking for pampering in paradise.
